

Certificate

for UV decontamination “flowShield”

According to EN 13727 and EN 14476 (European standards
for the evaluation of bactericidal and virucidal activity in the medical area)

Decontamination efficiency:

Validated bactericidal activity: $\geq 5.7 \log_{10}$ reduction

Validated virucidal activity: $\geq 5.4 \log_{10}$ reduction

Testing laboratories:

Hygiene Nord GmbH and MICROMUN GmbH

(accredited laboratories according to EN ISO/IEC 17025)

Certified in 2025

EN ISO/IEC 17025 Akkreditierung
